

Postgraduate Department of Anatomy

Government Medical College, Srinagar

Jammu and Kashmir

FIRST ANNOUNCEMENT

**9th NATIONAL CONFERENCE OF
SOCIETY OF CLINICAL ANATOMISTS (SOCA)**

Theme: Anatomy - The Basis of Clinical Practice

Dear Colleagues,

On behalf of organizing committee, it gives me immense pleasure to invite you for **9th NATIONAL CONFERENCE OF SOCIETY OF CLINICAL ANATOMISTS (SOCA)** being organized at Government Medical College, Srinagar on **29th and 30th May 2020**. The theme of the conference is **“Anatomy - The Basis of Clinical Practice.”** Human Anatomy, the oldest medical subject is regarded as the mother of all subjects in Medicine. A sound knowledge of Anatomy is essential for teaching, learning and practice of Medicine and Surgery. The theme “Anatomy – The Basis of Clinical Practice” is based on the idea that clinical practice in any field of modern Medicine is incomplete without the knowledge of Anatomy.

About Kashmir

Kashmir, throughout the ages has remained another name for paradise on earth. Cradled in the lap of majestic mountains of the Himalayas, Kashmir is one of the most beautiful places to visit. This is the place where you can witness the flawless art of nature and heavenly beauty spread everywhere. The beautiful lakes, bloomy gardens, snow covered hills, springs and rivers are the real charm of Kashmir. This alluring heavenly land is considered as the jeweled crown on the map of India.

About Government Medical College, Srinagar

Government Medical College (GMC) Srinagar, one of the oldest medical colleges in North India and first one in the state of Jammu and Kashmir (J&K). It has a leading role in contributing major portion of healthcare manpower to the J&K State. It has

been contributing towards producing many renowned and leading clinicians not just in sub-continent, but all over the world since its inception.

The Department of Anatomy is spread over a wide area. The Department boasts of spacious and well equipped dissection hall, demonstration rooms and practical laboratories. The department caters to 150 undergraduate (MBBS) and 4 postgraduate (MD) students each year. In addition, separate curriculum is for BDS, nursing and paramedical students. Department of Anatomy has highly experienced, capable and motivated faculty. We have state of art infrastructure to impart high quality and clinically relevant medical education. A combination of traditional and recent multimedia based teaching are used to render effective student education. Department is provided with facility of latest projectors, ultrasound, internet and audio-visual aids for teaching.

About SOCA

The Society of Clinical Anatomists (SOCA) is dedicated to promote knowledge and research in the field of clinically relevant Anatomy. The society strives to provide a national platform for showcasing professional development and excellence in clinical Anatomy which facilitates exchange of ideas and research amongst its members. Members of SOCA aim to bridge the gap between Anatomists and Clinicians to explore new frontiers of collaboration and research.
